

Switch to simple

Suresite[®]
Card Services

Looking after you and your payments

Life really is too short to work with complicated payment solutions that take up too much time and create more problems than opportunities. This is why Suresite do things a little differently – we take all the hard work and problems off you, and give you back time, convenience and great new opportunities. Simple.

We offer an end-to-end solution, looking after all of your payment needs from card payments processing to payment gateways and hardware, all at competitive rates. Our team of UK based experts are on hand to ensure you experience a hassle free onboarding process and ongoing support.

Solutions to optimise your business

Payments and customer needs are changing all the time and our commitment to innovation means our solutions are future proof and flexible – today and tomorrow:

Customer experience – offering a fast, secure and reliable payment experience means customers are more likely to return.

Secure – latest fraud prevention tools to keep payment data secure, including 3D Secure (3DS2).

Less admin – we take care of the whole application and onboarding process making it a smooth and hassle-free transition.

Card machines – easy integration with your existing hardware and systems or we can help you source and install new ones.

Payments expertise – don't worry if you find payments confusing. Our experts will help you understand what you need to know, as well as discover new opportunities.

Affordable – as an independent business, we have relationships with a range of leading acquirers and access to competitive rates, which we pass on to you!

Cashflow management – a range of settlement options to suit your budget and cashflow needs, from 1 to 3 days.

Payments choice – in person, online, contactless or wallet, let your customers choose their preferred way to pay.

Dedicated support – we're a one-stop-shop for payments which means streamlined supplier management for you.

Suresite payments feature list

Simple and reliable payments start with Suresite. Take a look at our key features that are included as standard, all offered with our wrap around care and service:

Feature	Description
Accept all major payment cards	Including Visa, Mastercard and American Express.
eCommerce and online payments	Choice of gateways and integration options to suit your existing systems.
Card machines and hardware	We are hardware and software agnostic. Continue using your existing hardware and ePOS systems or we can help you source and install new.
Settlement options	Receive funds into your bank account within 3 days. Next day settlement is available for a fee.
PCI DSS* compliance	Help and guidance to ensure you achieve your PCI DSS compliance obligations.
Tailored solutions	As an independent business, we can offer bespoke, flexible solutions. We'll always do our best to deliver to your exact requirements.
5 star customer service	UK based call centre, 97% of calls answered within 15 seconds.
Access to payments experts	The Suresite payments team has a wealth of experience to help optimise your payments performance.

Trust Suresite to do more

You can rely on us to do more to support and optimise your business. Find out more about taking payments with Suresite, as well as our other services including wetstock management, risk assessments and training.
